

Art Deco Hair: Hairstyles of the 1920s and 1930s

Art deco has long been associated with uncompromising style and sophistication, and this guide to recreating the sassy, controversial styles of the 20s and 30s offers a glimpse back at the hairstyles of this era. The instructions needed to replicate these fashions on the modern woman-from the controversial bob of the Roaring Twenties flapper to the luxurious finger waves of Hollywood's early screen stars-are provided, and the techniques behind Marcel and water waves, the simple bob, and Eton and shingle cuts are also included. Hundreds of vintage illustrations, photographs, step-by-step instructions, and diagrams take readers through the history of the hairstyles that laid the groundwork of style for the modern American woman.
