

A Call from the Beyond

Sri Narinder Bhandari has written a truly marvellous book based on his own spiritual experience, rather than from dry pedantry or arid scholastic theory, in order to lead and help any sincere, earnest aspirant wishing to achieve the highest aim that any man or woman can ever have, that of Self or God Realisation. In this fine book Narinder simply clarifies and explains what is actually meant by these hallowed terms God and Self Realisation, in clear and simple language. He teaches an effective method of Meditation, mapping out the necessary path to achieve this art, and clearly defines the desired Goal to be reached. In addition he fully examines the meaning of the term Guru, and his or her place needed in the great spiritual journey to Self Realisation. He also examines the sacred relationship to be achieved with God through Prayer, and then succinctly explains the correct understanding of what is meant by ones Karma and Destiny. Finally in delightful chapters he digresses on the True Art of Love and Marriage leading to an ideal life of happily fulfilled Dharma. I heartily recommend this book to the earnest aspirant for its clarity and advice, which are genuinely based on the Authors own Spiritual Experience.
