

Climbing the Blue Mountain: A Guide to Meditation and the Spiritual Journey

These essays sparkle with the humor and insight that have made Eknath Easwaran a popular teacher for over 30 years . . . Easwaran clarifies spiritual practice with vivid, concrete metaphors drawn from his years of observing people, animals, and the natural world. He certainly doesn't downplay the difficulty of the meditative quest, which in order to be successful will cost us everything we have. But he does present its rewards so persuasively that it's hard to resist the impulse to sit down and start right away. Yoga Journal Eknath Easwaran is the author of Passage Meditation and the best-selling Classics of Indian Spirituality series: The Bhagavad Gita, The Dhammapada, and The Upanishads. More than 1.5 million copies of his books are in print.
