

## Consciousness Unfolding

The Kingdom of God is within you. As a matter of fact, you are the individualization of all that god is. All that I have is thine. Of course, it is not a human being at all. It is divine being. But the world interprets the human scene as a human one, so that what is appearing to the world as a human...as you or as me...is now receiving from within the depth of its own being, the revelation of its true nature. And truth that is true is universal.
