

# The Practice Of Reality

We should understand right now that we are Totality; that nothing exists outside of us: there is nothing, therefore, which can or does oppose us. I am Self-Being-Spirit. I am one Infinitude, one Totality, one All-in-all. From this basis, we can see clearly that nothing is to be considered as originating elsewhere than in us.

CONTENTS: THE PRACTICE OF REALITY THE PERFECT WORLD THE ROD AND THE SERPENT HEAVEN THE PERFECT BODY I, THE SELF, THE ONLY CREATOR OUR AGELESS BEING CREATING OUR ABUNDANCE HEALING FULFILLMENT We are unconditioned Self and body; perfect, absolute, complete. Our Mind may report understanding or belief. Understanding is based on and represents Principle, Reality; belief has no foundation whatsoever, and is illusion. The nature of Being, or Self, is to enjoy and experience its wonder, power and glory; and this comes to pass according to the conscious awareness of itself as all there is.

Self-Knowledge has always been the theme of the Illumined, who know and teach God and the Self to be One. As long as one believes himself to be separate from God, he will remain mortal to himself. Sooner or later, everyone must release himself from a hypothetical mind of his own, and turn unconditionally to God - identifying himself with God alone. God is Mind. Mind can never be deprived of Itself. God is Love. Love cannot divorce Itself. The place whereon we stand is the place where God Is. God is His own Safety, His own Security, His own Peace. Everything in Himself is fully held by Him. His whole Universe of Perfection and Completeness is in Him, and He in It. God is His own Illumination, His own Revelation, His own Heaven.
