

Daniel James Mysteries: The Assassin Murder Mystery

An assassin? In Devanville? Who would ever believe that anyone in Devanville would hire a hitman? Daniel found it hard to believe that someone in this quiet, peaceful town that he had come to love so much would actually do such a thing, much less even know how. Yes, there were the routine murders that had increased in the past year that he attributed to the stress that the foreclosures had put on so many families when the Denim Company outsourced to another country, but to actually hire an assassin? Daniel could hardly believe what the evidence was showing them, but it was clear. He usually worked alone but was glad to have Gavin for a partner on this one as there were occasions that required a second officer, and Gavin was proving to be a good detective. Daniel barely has time to sleep before a call comes in sending him out to another crime scene. Who is this assassin that stays one step ahead of Devanville's finest, and why is he staying in this small, tight knit community?
