

Dogs-a-Porter

High fashion, name-brand handbags have never been hotter, and they are ever more frequently seen about the fashion capitals of the world toting cute, small dogs that are the latest stylish accessory for fashionistas. This delightful gift book celebrates the irresistible combination of pooches and purses. Expensive, highly detailed handbags are the new obsession among the fashion conscious from up-and-coming Hollywood starlets to Upper East Side debutantes, everyone is joining the bandwagon and toting a pup around town like just another accessory. Collected in this clever book are charming pictures that feature dogs chosen for their cuteness in bags selected for their status as highly desirable. Together the images offer a combination at once enchanting and funny, cute and modish, eccentric and cultish. This book will be the perfect girl-to-girl gift or self-indulgent impulse buy among the fashion forward set for anyone looking to poke gentle fun at the woman whose pampered Chihuahua gets toted around all the hippest boutiques in the luxury of an exquisitely crafted Coach bag.
