

Hidden Delights: Lingerie In The Arts

Art and lingerie: as this collection suggests there is a lot more to it than that first meets the eye. Twenty-five artists and designers, including Marnix Goossens, Ted Noten, Uli Rapp and Murielle Scherre were invited to present their own interpretation on this subject and came up with a collection of highly imaginative pieces and ideas. Presented in a bound, glossy paper, edition, these works are presented alongside a historical essay and a sizeable collection of images of erotica and lingerie drawn from the last forty-five years of art practice.
