

France GeoCenter Atlas (GeoCenter Atlases)

Part of the renowned Geocenter Euro Atlas series, this updated atlas of France is both informative and easy-to-use. This cartography is ideal for day-to-day travelling within the country and features street plans of Frances major cities. It includes a useful overview section which is ideal for route planning, making this the perfect resource for travelling in France. This updated cartography now features grid references in the margin to aid quicker orientation. Additional colour changes to the mapping make transport networks clearer than before. With a scale of 1:300 Thousand and a legend in 12 languages, this is a comprehensive and indispensable road atlas. Tourist information, places of interest and a street index are all featured. Information is provided on hotels, restaurants, museums, theatres, parks and gardens, with tourist attractions clearly indicated and public transport systems marked.
