

## Drafting and Visual Presentation for Interior Designers (Fashion Series)

Drafting and Visual Presentation for Interior Designers teaches architectural drafting skills, color rendering, and visual presentation techniques for interior design students. Taking a tutorial approach, this easy-to-read text walks students step-by-step from simple to more complex skills. Every step of the way full-color illustrations and photos help students learn such techniques as concept sketching, drafting floor plans, creating 3-D pictorials, rendering with markers, constructing color boards and models, and cutting a mat. Tear-out worksheets reinforce the competencies for each chapter, providing easy opportunities for students to apply the concepts they have learned.
