

## House Beautiful Living by Water

Looking at these stunning homes, you can practically feel the breeze off the water. From lakeside cabins to coastal cottages, these are the waterside homes of your dreams, presented by House Beautiful in a lavishly illustrated volume. In addition to the classic blue-and-white palette, these stunning spaces showcase such details as beautiful painted furniture, stainless-steel stools, and high-draped beds, all with a soothing waterside feel. You'll especially love our Anatomy of a Room features, which explain how to replicate the design in your own home even if the sound of the waves is thousands of miles away.
