

Fabulous Geomancy: How to have all answers has your questions

With what you are going to discover in these pages, you will be able to poll all that is important for you, you will have answers to all questions which you can ask. Geomancy is a remarkable tool which goes much more far than the simple aspect of prophesying, and it is with a real pleasure that I wrote this text by coming out again and by taking back notes which date all these years of practice and of research. If you do not know Geomancy, it is perfect. You are going to have in hand solid bases on which you will be able to build a deep knowledge. For those and those who know her, they will indeed discover data and techniques which perhaps avoided them until now. Techniques displayed here are not habitual and relatively not much known. However, they give very fair results and very fast. An advantage to use Geomancy is that she allows to develop a strong intuition and when you will have habit of it, you will need no more text to interpret a face, answer will be obvious for you in all its slightest details.
