

## Still the Storm (Chasing the Storm Book 2)

Is love blind? Does love deny the existence of wounds? Of scars? In the eyes of Chase Jones, these questions and more are all that ever stay within the storm that is his life. All else in its path either runs or faces its demise. To survive this path alone, he first had to accept the word as truth. Alone. Until his butterfly returned, rippling his sea with each flutter of her wings, stirring new hopes, dreams, and the dangerous possibility that the word alone may be yet another thing he will have no choice but to let go of. To let go of such a reality would be a risk, one he is unprepared for. While it is the answer to his most desperate prayers, it is also the fear that strengthens the storm.
