

Miraculous Ideas: Thoughts on A Course in Miracles

A Course in Miracles is a unique and profound spiritual text. Now over 40 years old, it has withstood the test of time as a means for transforming one's life. Focused on the idea of God as Mind, the world we experience is seen as an illusion, and we are offered a way out of this world through a change of perception and by learning to forgive. *Miraculous Ideas* explores some of the key themes from the Course and some of the more arcane ideas as well. Beginning with the fundamental practice of forgiveness, we learn how to change our minds about the world, leading to a more peaceful and loving way of life. The book also explores unusual ways of looking at the Course, illuminating some of the more difficult concepts. Written as a series of essays, *Miraculous Ideas* offers bite-sized morsels of knowledge, allowing the reader to grasp the most interesting ideas without having to take on the whole meal at once. Each chapter is complete unto itself, providing the opportunity to browse in any order and to any depth desired. Throughout the book, there are practical steps you can take to learn more fully how to practice forgiveness in your life. This has the power to change your perception and ultimately to lead you back to your True Home within the Loving Mind of God. In *Miraculous Ideas*, Edwin Navarro presents a very simple, clear, concise and practical guide to understanding and applying the principles of *A Course in Miracles* in our lives. - Jon Mundy, Ph.D. author of *Living A Course in Miracles*.
