

## Ocultismo Medieval (Historia Incognita) (Spanish Edition)

A thorough investigation of the financial, political and social underpinnings of appearances of the Virgin, both famous and little known, that have been reported in different parts of the world. Is it possible for the Virgin to appear? How much of the third secret of Fatima is true? What is the Church hiding from us? And, above all, what are the interests that promote these appearances and what is hidden behind them? Whether or not the Virgin appears in the places described by the author in this well documented field investigation is not what is important; together with these supposed miracles, stigmata and healings lie financial schemes, in some cases ultra-right wing ideologies, and the economic interests of the businesses promoting these movements. Lourdes, Garabandal, Guadalupe, El Palmar of Troya, Medjugorje... this is definitely a work that reveals the keys for unraveling what is hidden by the dark side of Mary. / ¿Es posible que se aparezca la Virgen? ¿Que hay de verdad en el Tercer Secreto de Fatima? ¿Que nos oculta la Iglesia? Y sobre todo, ¿que intereses promueven estas apariciones y quien esta tras ellos? Desde tiempos ancestrales, los cultos aparicionistas han proliferado desatando a su alrededor autenticos movimientos sociales, en ocasiones descontrolados. Detras de estos existen una serie de fenomenos extranos y, sobre todo, la abrumadora e inquebrantable fe de los miles de almas que peregrinan hasta esos lugares sintiendo en sus corazones la presencia de lo sobrenatural. Pero si la Virgen se aparece o no en los lugares que el autor refleja en esta ardua investigacion de campo no es lo verdaderamente importante; junto a los supuestos milagros, estigmas y curaciones, aparecen las tramas financieras, la apologia ultraderechista de algunos casos, y el interes economico de los negocios que subyacen tras estos movimientos. Lourdes, Garabandal,

Guadalupe, El Palmar de Troya, Medjugorje En definitiva, aqui se exponen las claves para dilucidar que hay y que se esconde tras el lado oscuro de Maria.
