

Tchaikovsky; His Life and Works: With Extracts from His Writings, And (Classic Reprint)

Preface Six years have now elapsed since Tchaikovsky's death, and as yet no really adequate biography has appeared, either in Russia or abroad. The authorised Life and Letters has long been expected in vain. Probably the difficulty of selecting from such a vast mass of correspondence Tchaikovsky's letters are said to be numbered by thousands is the chief reason for the delay in publication. Meanwhile the public interest, especially in England, is steadily increasing, and almost every scrap of information concerning the composer of The Pathetic Symphony is eagerly sought after. In the absence of anything more complete and authoritative I venture to offer this volume to the admirers of Tchaikovsky's works. In 1897 I published in The Musician's series of papers upon Tchaikovsky based upon a little volume of personal reminiscences by M. N. Kashkin, one Reminiscences of Peter Ilich Tchaikovsky by N. Kashkin, Moscow, 1897 (P. Jurgenson). (Typographical errors above are due to OCR software and do not occur in the book.)
