

English-Irish Phrase Dictionary: Compiled from the Works of the Best Writers of the Living Speech (Classic Reprint)

Excerpt from English-Irish Phrase Dictionary: Compiled From the Works of the Best Writers of the Living Speech This book is meant as 1. Hand stretched out to the thousands of students, young and old, who are nobly striving to right the wrong done them by the past, and to recover the language of their forefathers. For French and German, and Italian, there exist many books of various kinds, written by practical teachers, and designed to remove many of the difficulties which the acquisition of a. New language necessarily entails. The student of Irish, however, has had to rely mainly on his own enthusiasm, and to face the hard road without much help. In particular, few books exist to help to the writing of Irish. The Christian Brothers Composition Books are excellent, but hardly comprehensive enough for general wants. English-irish Dictionaries are of little avail. After getting a word in them one is as much at a loss as ever. The various shades of meaning, the various constructions and connections of which a word is susceptible, are given very incompletely, if at all. In the present work copious examples, none of them original, but all drawn from the most approved writers of the living tongue, will show in actual use the Irish equivalentof the English words, and will thus inspire the student with confidence in forming his sentences on good models. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of

imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
