

## Jurassic Blue for Cello: Monstrous Pieces for Beginners (Faber Edition)

Jurassic Blue follows on directly from Jackaroo, it begins with a revision of the first finger and then moves on to second and third fingers. Each piece introduces a new rhythmic or technical point, with useful suggestion boxes for the teacher. There's also the chance to create your own dinosaurs too, inspired by Drew Hilliers' wacky illustrations. With Pam Wedgwood's lively accompaniments and words, you can even sing along to Triceratops Rocks!
