

## Hokusai: Paintings and Prints

Katsushika Hokusai was a brilliant ukiyo-e painter and print maker, best known for his wood block print series Thirty-Six Views of Mount Fuji, which contain the prints The Great Wave and Fuji in Clear Weather. These prints are famous both in Japan and overseas, and have left a lasting image in the worldwide art world. Hokusai's artistic influence has stretched to have affected the Art Nouveau style in Europe, including Claude Monet, Pierre-Auguste Renoir, and Hermann Obrist, all of whom have themes similar to Hokusai's.
