

## Saturn in Taurus: The Solution

Do you have Saturn in Taurus? Are your finances suffering as a result? Read this book! I will teach you how to unlock Saturn's financial restraints, and you can start earning the money you deeply desire. This book is written by someone with Saturn in Taurus. I've lived with this financially debilitating aspect throughout my life, and after suffering through many financial calamities of one sort or another, I've finally learned Saturn's lesson. I'm not an astrologer. You won't get vague answers from this book. I provide specific, real solutions for alleviating Saturn's block to your financial livelihood. Anyone with Saturn in Taurus has probably felt financial struggle throughout his or her entire life. While the desire for money and security seems to be enhanced within us, there also seems to be a restriction placed on our ability to acquire material affluence. This limitation could be described as karmic debt or perhaps a spiritual block of some sort that prevents us from obtaining our material desires. This book teaches three very simple methods that will alleviate those restraints. Length: 4,500 words
