English teachers around the world know that nothing works better for fluency and comprehension than songs. Songs allow the students to hear and learn the music of English by listening and repeating. These excellent videos are professionally produced and are perfect for classroom or home learning for beginners of English. Open Door To English: Musical Dialogues is 32 lessons designed for children from ages 4 to 12. Older students with no background in English may enjoy the videos as well. Music involves the children and supports their ability to understand and remember the new vocabulary. Each lesson introduces approximately 15 words and is presented in story form by four lively children and their mentor as they perform in a colorful stage setting.
