

Orcish-English English-Orcish Dictionary

The Orcish-English Dictionary, as compiled by Matt Vancil, contains definitions for over 1700 orcish words, a comprehensive grammar primer, an easy to use pronunciation guide, a handy (and humorous) phrase book, and a reference for the Syrronic alphabet used by the orcs in the world of Fartherall. Printed with an aggressively boring, matte cover and designed specifically to look like an easy-to-ignore college textbook, this work of comedy is an actual dictionary, and the foreword was actually written by Dr. Eric D. Nelson, Chair of the Department of Languages and Literatures at PLU, where many members of the Dead Gentlemen went to college. An ideal gift for fans of the JourneyQuest webseries, and for fans of conlangs as well, 100% of the net proceeds from the sale of this book go to Zombie Orpheus Entertainment and the production of more fantasy comedy adventure entertainment.
