

## Great Britain Road Atlas 2003 (AA Atlases)

The 18th edition of this road atlas includes journey-planning information that shows principal routes, motorway junctions and major towns and cities at a glance, and also includes a mileage chart with journey times which helps you plan ahead. The AA EuroRAP (European Road Assessment Programme) risk rating map provides information on the safest roads (shown in green) and which are the most dangerous (shown in black). Navigation of towns is made easy with 96 street-indexed plans, plus an 11 page map section on central London, as well as a Leeds Bradford International airport plan. Ireland is also included at 16 miles to 1 inch and some 100 places of interest have been added to the huge index of over 31,500 entries. T
