This book is the outcome of an idea, and the idea is very simple. It is that the best way to understand the dramatic transformation any idea can bring and to successfully bring ideas across, is to think of them as profound insights and moments of clarity often disguised as wit, captured in one single Quote. Ideas and products and messages and behaviors spread faster when they carry your message in a single line or paragraph: a Quote. To feel the impact a Quote can have, here are three Virtue Quotes from this book: Believe me, tis a godlike thing to lend; to owe is a heroic virtue. - Francois Rabelais Every life is a march from innocence, through temptation, to virtue or vice. - Lyman Abbott Men lose more conquests by their own awkwardness than by any virtue in the woman. - Ninon de LEnclos Three characteristics one, contagiousness; two, the fact that little words can have big effects; and three, that insight happens not gradually but at one dramatic moment, using the right profound words are the same three principles that define how an idea takes off, or a product goes viral. Of the three, the third, profound, trait is the most important, because it is the principle that makes sense of the first two and that permits the greatest insight into why some ideas stick, some changes last, some words leave an impression, and others dont. This book will give you the opportunity to find that right Quote that can change it all.
