

## Spijkers and Spijkers (Volume 6)

Spijkers and Spijkers is part 6 in a series showcasing important Dutch and internationally influential Fashion Designers. Dutch twin sisters Spijkers and Spijkers create flattering womenswear that rebels against society's stereotypical image of femininity. Known for their Art Deco-inspired striking graphic prints and fluid tailoring, they have been championed for creating both couture and ready-to-wear collections that are accessible to all. This book presents their career history, which so far has spanned 11 years.
