

## THE VIRTUES UNVEILED

Joseph is a Web Developer and artist, whose insatiable drive and burning passion for the arts has led to the birth of The Virtues Unveiled, his first illustrated book. The Virtues Unveiled is an allegorical and inspirational book, with the authors original artwork fused with lyrical themes that offer the viewer engaging interpretations of the artists renderings. Most of his figures express a different passion of the soul, allowing the artistic pieces to tell a story, which makes his work an art of persuasion. Also included, the author walks you through the step-by-step process by which he creates his drawings. Filled with harmony, beauty, and perspective, The Virtues Unveiled is truly a celebration of the arts in the 21st century and is greatly influenced by the Baroque period.
