

Kithcen & Bathroom Planning & Design Fully Featured Perspectie Drawing including new Exteriors Study Plus Free Bedroom Supplementv: for one month only (ULTIMATE SERIES - 2015)

This is a brand new extension of our ambitious version of our Kitchen & Bathroom planning and design combined with our most comprehensive perspective drawing tuition and guide plus now including a unique Bedroom Supplement in planning, design and Perspective presentation . The volume is virtually 900 pages packed full of invaluable information and guidance. This is part of our new Ultimate Series of highly illustrated books and includes both step-by-step slides and a video presentation for all the major disciplines some of which are also presented in both kitchen and bathroom formats and now includes birds eye, Axonometric Projection and Isometric Projection in our Bedroom studies. Also included in this ground breaking book is our first presentation for exterior perspectives and again offers examples for all the Major disciplines. It is worth mentioning that the author has been in the KBB industry for over 50 years and for 30 of those years was training many thousands of delegates fro, B & Q to Smallbone. It is interesting to note that when we first started training B & Q delegates they were fairly low on the totem pole with MFI at the very top. MFI delegates were never eager to learn and the company ran most of their training in House: The company and the sales staff were complacent and stagnant. As a result of their negativity to learn and improve they collapsed. B & Q on the other hand, despite often inferior products, are now number 1 in the kitchen stakes. They have obviously benefitted from their training and their eagerness to learn. The author was also the inventor of the perspective ruler system which is described in detail in this book together with oversize images of the ruler which buyers are allowed to copy and make their own version. Over the years we also training many interior designers on specialist courses. The very experienced

tutors on the course found it extremely difficult to teach the would be designers the intricacies of perspective drawing until we introduced them to these revolutionary methods. A lot of thought, work, and experience has gone into this latest Ultimate version - we guarantee that you will all learn something and we also provide on line ongoing help and tuition to get you over any snags. We will also be introducing a dedicated KBB version and a separate Perspective drawing collection for those who do not require a combined volume. this new KBB comprehensive volume is being offered WITH THE BEDROOM SUPPLEMENT FREE OF CHARGE. This offer will last for approximately 30 days and will then revert to a pro rata value. Learn and enjoy.
