

Moving Beyond Your Fears & Worries

The Word of God state that, we would go through the fire and the rivers. Many have given-up hope for a better tomorrow. As children of God, We must not lose hope. A big house with many tenants was burning. There was no time to ask how or where the fire started. People were just running out of the building and calling out, FIRE, FIRE, FIRE. Outside, they congratulated each other for escaping alive. However, a woman held on to a bundle which many assumed was her new baby. Suddenly, she realised they were just the babys beddings. In the confusion, she made a fatal mistake. On that day, she wanted to run into the burning building and die. Everyone held her and endured to become mother of many children. This is just one of many stories in this book you are about to read. This is life - you are not alone. It is well in Jesus name.
