

## Zagreb Architecture Guide

Croatias capital and largest city is famous for its complex urban design, mixture of building styles, and visible traces of changes through its history. This impressive anthology offers the first complete overview of Zagrebs architecture with a selection of 100 iconic buildings, from the Romanesque period to the 21st century. The diversity of architectural types in the city is manifested through the guides academic and informative approach, revealing a rich and layered history, as well as the single most important works by various architects. In short, it is a must-have for students and professionals in the field, or anyone interested in exploring Zagrebs architectural heritage.
